DEFINITIONS

1 Total Loss For the purpose of Lloyd's Register Casualty Return the term 'Total Loss' refers to a merchant ship which, as a result of being a marine casualty, has ceased to exist, either by virtue of the fact that the ship is irrecoverable or has subsequently been broken up. Ships which have been declared constructive total losses but which are undergoing or have undergone repairs are not included. Ships of less than 100 gross tonnage are not included in the Return.

2 Casualty Categories are defined as follows:

Foundered Includes ships which sank as a result of heavy weather, springing of leaks, breaking in two, etc., but not as a consequence of categories listed below.

Missing After a reasonable period of time, no news having been received of a ship and its fate being therefore undetermined, the ship is posted as 'Missing' at the Corporation of Lloyd's and is included in the Missing category on the data base together with similar cases reported by other reliable sources.

Note: In peacetime, missing ships are considered as losses occasioned to ships by marine perils.

Fire/Explosion Includes ships lost as a result of fire and/or explosion where it is the first event reported.

Note: It therefore follows that casualties involving fires and/or explosions after collisions, stranding, etc., would be categorised under 'Collision', 'Stranding'.

Collision Includes ships lost as a result of striking or being struck by another ship, regardless of whether under way, anchored or moored. This category does not include striking underwater wrecks.

Contact Includes ships lost as a result of striking an external substance but *not* another ship or the sea bottom (*see* categories 'Collision' and 'Wrecked/Stranded'). This category includes striking drilling rigs/platforms, regardless of whether in fixed position or in tow.

Wrecked/Stranded Includes ships lost as a result of touching the sea bottom, sandbanks or seashore, etc., as well as entanglement on underwater wrecks.

Lost, etc.

(i) **War Loss/Damage during Hostilities.** This category also encompasses loss occasioned to ships by hostile acts.

(ii) **Hull/Machinery Damage** includes ships lost as a result of hull/machinery damage or failure which is not attributable to any other category.

(iii) **Miscellaneous** Includes ships which have been lost which, for want of sufficient reasons, cannot be classified.

3 Date of Casualty The date of casualty is that on which the first reported event of the casualty occurred.

Notes

Summary of Total losses during 1988

The total tonnage lost during 1988 (864,670 gross tonnage) showed a decrease of 419,491 gross tonnage over the figure for 1987; the lowest tonnage lost since 1970. The end of hostilities in the Gulf has made little difference to the final totals although the fate of the worlds largest vessel, the Liberian steam tanker SEAWISE GIANT (238,558 gross tonnage, Cmd. 1979) remains unknown. The 564,739 deadweight tanker was in use as a storage vessel at Larak Island when she was hit by missiles. She has since been towed to Ulsan for gas-freeing but may yet be saved from the scrapyards. The largest ship totally lost during the year was the Spanish motor tanker BARCELONA (122,770 gross tonnage, built 1973) attacked in the same raid as the SEAWISE GIANT.

	No.	Gross Tonnage	% of Tonnage Lost
Foundered	105	169,575	19.61
Missing	2	16,459	1.90
Fire/Explosion	31	125,229	14.48
Collision	20	17,671	2.04
Contact	9	14,942	1.73
Wrecked/Stranded	53	227,364	26.30
Lost, etc.	11	293,430	33.94
TOTAL	231	864,670	100.00
BROKEN UP, ETC.	1,452	5,015,051	

Foundered The number of ships that foundered during 1988 (105) was four more than the previous year. Over thirty-six per cent of these were twenty years old or more. The tonnage lost in this category showed a decrease of 225,642 to a figure of 169,575 gross tonnage, the lowest recorded since 1983.

Notable losses in this category included the Swedish roro cargo carrier VINCA GORTON (18,773 gross tonnage, built 1987) which capsized with a cargo of paper and woodpulp near the Dutch coast after being abandoned when she listed in gale force winds. Drifting in heavy seas she narrowly missed oil rigs and a lightship before sinking near busy shipping lanes. In July the Philippine registered bulk carrier SINGA SEA (15,894 gross tonnage, built 1976) broke in two and sank in heavy seas 300 miles W. of Perth. Six survivors were rescued from a lifeboat after being adrift for almost a month, nineteen others died. Twelve seafarers died on the Cypriot general cargo ship ROLANDIA (2,723 gross tonnage, built 1981) after sending out a distress signal saying the vessel was taking water through the forward hatch. The overturned hull was found along with three liferafts but with no survivors.

Missing Two ships were reported as missing during the year. Tonnage in this category totalled 16,459 gross, mostly accounted for by the Panamanian motor bulk carrier MEGA TAURUS (16,194 gross tonnage, built 1980). This ship was on voyage from Hinatuan to Hachinohe with a cargo of 26,980 tons of nickel ore. The other vessel lost was the Venezuelan tug DONA YOLANDA (265 gross tonnage, built 1971) on voyage from Panama to Maracaibo with a crew of seven.

Fire/Explosion Gross tonnage totally lost in this category during 1988 was 125,229, an increase of 29,557 tonnage over 1987, the only casualty category to show an increase in tonnage lost over the previous year. Of the thirty-one incidents recorded, fourteen were attributable to engine room fires or explosions.

Notable losses in this category included the Cypriot tanker ATHENIAN VENTURE (18,251 gross tonnage, built 1975) which broke in two after explosion and fire 800 miles S.E. of Nova Scotia. Twenty-nine crewmembers died when the vessel carrying 27,000 tons of unleaded petrol from Amsterdam to New York was engulfed in flames. In a similar incident twenty-seven crewmembers were preparing to abandon ship after their vessel broke in two when it was rocked by an explosion. A fire then engulfed the Liberian registered tanker ODYSSEY (65,746 gross tonnage, built 1971) carrying 132,157 tonnes of crude oil from Sullom Voe to Newfoundland killing all the crew.

Other losses included the Bahamas registered drilling ship VIKING EXPLORER (8,229 gross tonnage, built 1958) which

capsized following a gas blowout killing four. Eleven people were killed in an accommodation fire at Osaka on the Russian passenger ship PRIAMURYE (4,870 gross tonnage, built 1960).

Collision Total losses through collision decreased to twenty ships of 17,671 gross tonnage. Thirty-five per cent of tonnage lost in this category was accounted for by the loss of the Greek passenger ship JUPITER (6,306 gross tonnage, built 1961) in collision with the Italian vehicles carrier ADIGE. The passenger vessel had just departed Piraeus on a schools cruise when the incident occurred. In another incident three people died and twenty-seven were reported missing when the Japanese fishing vessel FUJI MARU No. 1 (154 gross tonnage, built 1970) collided with a submarine. Eighteen people survived on the fishing boat which was hit by the surfacing submarine taking part in exercises. Another twenty-two people were killed on a Taiwanese fishing vessel in collision with a tanker.

Contact Nine ships were lost during the year, amounting to 14,942 gross tonnage: a decrease of 6,399 over the figure for 1987. The largest ship in this category was the Liberian vehicles carrier PROSPER WORLD (4,686 gross tonnage, built 1976) which struck a submerged object.

Wrecked/Stranded The number of ships lost in this category increased to fifty-three but the tonnage is still the lowest since 1981. Over twenty-five per cent of tonnage lost in this category was accounted for by the Panamanian vehicles carrier REIJIN (58,128 gross tonnage, built 1988) which also has the distinction of being the youngest total loss recorded for 1988, capsizing on her maiden voyage carrying more than 5,000 new cars. Only one of the twenty-two man crew of the Philippine general cargo vessel CAPTAIN TRADER (6,812 gross tonnage, built 1980) survived when the vessel ran aground and capsized in heavy weather. The vessel on voyage from Hakodate to Shioyama was carrying 4,270 tons of pig iron. Another notable loss was the Singapore registered passenger/general cargo ship LOGOS (2,319 gross tonnage, built 1949) which sank in the Beagle Channel after striking rocks. All one hundred and thirty-nine passengers and crew were rescued from the religious educational ship by the Chilean Navy.

The oldest vessel lost also features in this section. The Chilean fishing vessel KIPPERNES (332 gross tonnage, built 1929) stranded at Punta Obispa and broke up.

Lost, etc. as already indicated, the end of the Gulf conflict made little difference to the 1988 totals. Tonnage lost in this category amounted to 293,430 gross tonnage a decrease of only 43,267 over the 1987 total. This category accounts for nearly thirty-four per cent of all tonnage lost in 1988. Five vessels amounting to 268,745 gross tonnage were claimed by the conflict, two tankers, two bulk carriers and a general cargo vessel.

The two tankers lost were both over 100,000 gross tonnage. The Spanish flag BARCELONA (122,770 gross tonnage, built 1973) was damaged by bombs at Larak Island whilst loading oil from the storage vessel SEAWISE GIANT. Beached the following day she was further damaged by fires and explosions. The other tanker was the Cypriot registered STAR RAY (107,432 gross tonnage, built 1970) which was attacked by aircraft whilst on voyage to Larak Island from Kharg Island with a cargo of crude oil. She was subsequently taken to China for demolition.

Another notable loss was the Maldives flag general cargo ship PROGRESS LIGHT (3,024 gross tonnage, built 1966) which was seized by mercenaries after an attempt to take over the Maldivian Islands was thwarted. The vessel was struck by grenades and intercepted by an Indian navy frigate. She capsized and sank whilst being towed back to Male three days later.

Distribution The geographical distribution of total losses during the year is shown on page 7.

Types The total number of 231 ships lost during 1988 included 9 oil tankers, gross tonnage 327,271 (37.8 per cent), 8 ore/bulk carriers, gross tonnage 133,262 (15.4 per cent) and 60

fishing craft. One hundred and ten general cargo vessels were lost, accounting for 226,797 gross tonnage (26.2 per cent). (For an analysis of losses by type see Table 3).

Size Nearly forty-nine per cent of ships lost were under 500 gross tonnage. Fourteen ships with a gross tonnage of 10,000 and above were lost, of which only two were over 100,000.

Age Seventeen per cent of all ships lost were less than ten years old; over twenty per cent were twenty-five or more years of age. Two vessels completed during 1987 were lost and a third vessel, the REIJIN had only just completed one months service before its untimely end.

Lives Lost The number of persons reported killed or missing as a result of total losses is indicated below for the years 1983-1988. The figure shown for 1988 reflects a decrease of 3,078 from last year although the true death toll is unlikely to be confirmed. The highest loss of life was recorded against the Philippine passenger/general cargo vessel DONA MARILYN (2,855 gross tonnage, built 1966) which capsized and sank during typhoon Ruby. One hundred and fifty passengers and crew were reported dead with another two hundred and fifty estimated as missing. The vessels manifest stated 421 passengers and 60 crew were aboard but many "unregistered survivors were among the

rescued. This is the seventh consecutive year in which a Philippine ferry has featured in this section of the notes.

Nine ships sustained twenty or more human casualties during 1988. Of the 231 total losses, fifty-two incidents recorded some loss of life. Lives lost by category for the last six years are shown below.

TOTAL LIVES	763	3,841	1,067	619	525	671

Registration Japan, Panama and the United States suffered the highest number of ships lost, with 33, 27 and 13 respectively. Panama suffered the highest gross tonnage loss with 173,074 followed by Cyprus with 171,332 and Spain 124,475, the only countries to lose over 100,000 tons from their merchant fleets.

Summary of ships Broken up, etc., reported during 1988

Tonnage broken up reported during 1988 decreased by 6,993,661 to a figure of 5,015,051 gross tonnage and is the lowest total since 1974. The number of vessels involved (1,452) is 20 fewer than that recorded for 1987. Comparisons over a period of six years are shown in Tables 6 and 7.

The largest ship broken up during the year was the Panamanian flag tanker TAVISTOCK (87,463 gross tonnage, built 1971) which was demolished in mainland China. The oldest ship reported broken up was the Finnish general cargo ship HEIKKI (173 gross tonnage, built 1894).

Countries sending most tonnage to the breakers during the year were as follows:

	Gross tonnage	No.
Panama	668,106	80
United States of America	601,729	63
U.S.S.R.	573,041	257
Saint Vincent	332,371	42
Greece	323,820	50
Japan	268,079	483
Italy	228,797	37
Liberia	187,882	10
India	162,393	21
Cyprus	148,126	19
Malta	119,602	16
Philippines	117,785	24

The Republic of Taiwan maintained its position as the principal place of disposal, taking over thirty per cent of all tonnage. Tonnage taken in this region decreased by 2,893,167 gross, with seventy-nine fewer ships than recorded for 1987. This is

expected to fall still further in 1989 following the enforced closure of the major demolition berths by the harbour authorities. The People's Republic of China took thirty-three vessels of 556,333 gross. Mainland China was expected to make a larger impact during the year but a stronger charter market in both tanker and dry cargo trades reduced available tonnage and increased scrap values. Bangladesh took over third place with 479,666 gross (55 ships), nearly ten per cent of the market. India was hampered by foreign exchange shortages but emerged forth with sixty vessels (462,113 gross tonnage). Turkey increased its share of the market taking sixty-six vessels of 338,186 gross tonnage (6.74 per cent). Korea (South) showed the most dramatic fall taking only 116,522 gross tonnage, a decrease of more than one million tons on the previous year.

Japan and the U.S.S.R. demolished the highest number of ships with 483 and 257 respectively. Both nations break up mostly small domestic tonnage. Figures for the U.S.S.R. could be misleading owing to the late reporting of disposals from their fleet and the habit of flagging out tonnage prior to demolition.

Tanker tonnage disposed of (1,246,773 gross tonnage) amounted to 24.9 per cent of the total sold for demolition, compared with 20.5 per cent in 1987. The average size of tanker broken up was 8,311 gross tonnage.

Ore/bulk carrier tonnage sold to breakers (1,077,612 gross tonnage) decreased to nineteen per cent of the 1988 level and is only just below tanker tonnage. Only seventy ore/bulk carriers were demolished, one hundred and seventy-one fewer than in 1987 and amounts to 21.5 per cent of the total. Five hundred and eighty-six general cargo carriers were broken up, a decrease of seventy-one compared with 1987.

Part 1 Details of total losses during 1988

(Listed in alphabetical order of ship name.)

Ship's name and year of build	Gross Tonnage	Flag	Type	Voyage	Cargo	Circumstances and place	Category
ABEER 2 1966	1 290	AJM	GENERAL DRY CARGO	PORT OKHA-DUBAI	..	SANK AFTER EXPLOSION IN THE ARABIAN SEA, IN LAT. 22 20N., LONG. 64 10E., ON 29/5/88.	FX
ABOUDY 1960	499	EGY	GENERAL DRY CARGO	SUEZ-JEDDAH	ALUMINIUM 122 T, LIVESTOCK & GENERAL	FOUNDERS OFF RAS GHAREB, IN LAT. 28 19 30N., LONG. 33 07 02E., ON 7/5/88 IN HEAVY WEATHER.	FD
AGIA PARASKEVI 1961	3 719	PAN	GENERAL DRY CARGO	KINGSTON-RECIFE	..	FOUNDERS IN LAT. 06 52N., LONG. 51 00W., AT 2216GMT., ON 16/2/88, WHILST IN TOW.	FD
AGIOS NEKTARIOS 1961	816	PAN	REFRIGERATED CARGO	LAS PALMAS GAETA	..	SPRANG LEAK AND SANK 40 MILES OFF AGADIR, IN LAT. 30 30N., LONG. 10 51W., ON 20/10/88.	FD
AGIOS NIKOLAOS 1950	499	GRC	GENERAL DRY CARGO	REPORTED FOUNDERS OFF FLEVES ISLAND ON 17/1/86 IN HEAVY WEATHER.	FD
AKDENIZ 1943	850	TRK	PASSENGER/RORO CARGO/FERRY	FAMAGUSTA	..	DAMAGED BY FIRE IN ENGINE ROOM WHILST BERTHED AT FAMAGUSTA AT 1350LT., 17/1/85 AND BEACHED IN SHALLOW WATER; SUBSEQUENTLY REFLOATED AND REBERTHED AT FAMAGUSTA. LATER TOWED TO PIRAEUS, SOLD, TOWED TO ALIAGA AND BROKEN UP.	FX
ALASKA CONSTRUCTOR 1944	197	USA	GENERAL DRY CARGO	COOK INLET, AK	DEISEL OIL	EXTENSIVELY DAMAGED BY EXPLOSION AND FIRE IN ENGINE ROOM IN COOK INLET, AL., IN LAT. 61 02N., LONG. 151 20W., AT 0845HRS., ON 2/11/88. LISTED AND LATER STRANDED; SUBSEQUENTLY TOWED AWAY AND SCUTTLED.	FX
ALASKA STAR 1969	447	USA	FISHING	WRECKED IN NIKOLSKI BAY, ALASKA, ON 21/2/88.	WS
ALMOUSSA-D 1961	1 373	EGY	GENERAL DRY CARGO	CAUGHT FIRE OFF MOKHA ON 17/10/88 AND ABANDONED BY CREW. LAST SIGHTED ABLAZE AND DRIFTING IN LAT. 14 07N., LONG. 42 52E., ON 18/10/88 AND PRESUMED TO HAVE FOUNDERS	FX
AMANDA 1971	1 598	ITL	GENERAL DRY CARGO	ISKENDERUN-NOUAKCHOTT	..	DAMAGED BY FIRE 40 MILES NORTH OF CASABLANCA AT 0500HRS., ON 12/10/87 FIRE EXTINGUISHED AND VESSEL TOWED TO CASABLANCA, THEN TAKEN TO LA SPEZIA WHERE SOLD TO BE BROKEN UP.	FX
ANDENESFISK II 1973	298	NOR	FISHING	WRECKED AT FAKSEN, NEAR BLIKSVAER ISLAND, NORWAY, ON 8/2/87.	WS
ANDHIKA SAMYRA 1974	6 473	IDA	GENERAL DRY CARGO	JAKARTA	RUBBER, CHEMICALS & COTTON	CAUGHT FIRE IN HOLD AT JAKARTA ON 21/9/87 AND TOWED TO OUTER ANCHORAGE; SUBSEQUENTLY PART SUBMERGED. LATER REFLOATED AND TOWED TO SINGAPORE. SOLD, TOWED TO KADHSIUNG AND BROKEN UP.	FX
ANDHIKA WANABHAKTI 1977	3 881	PAN	GENERAL DRY CARGO	SARAWAK-SHANGHAI	LOGS-5000 CU. METRES	SPRANG LEAK AND LISTED IN LAT. 25 07N., LONG. 119 11E., AT 1437LT., 4/11/87 IN HEAVY WEATHER AND BEACHED THE FOLLOWING DAY OFF PINGHAI WAN, CHINA; SUBSEQUENTLY CAPSIZED.	WS
ANDREW McGEE 1979	193	USA	FISHING	WRECKED IN WHALE PASSAGE, OFF KODIAK ISLAND, ALASKA, ON 2/2/88	WS
